From the Principal's Desk

Dr Smithamol MB,Principal LBSITW

Dear Readers,

I am delighted to share with you this edition of newsletter from UG IT Programme of our college. At LBS Engineering College, Poojapura, we believe education is not only about acquiring knowledge but also about building character, fostering creativity, and preparing our students to meet the challenges of a dynamic world.

This newsletter showcases the dedication, achievements, and vibrant spirit of our students and faculty. I congratulate the editorial team and all contributors for their efforts. Let us continue to work together in shaping a future where our institution stands as a beacon of excellence and innovation.

Message from HOD Desk

Dr Smitha Vas P,HOD IT

Dear Readers,

It gives me immense pleasure to present this edition of our UG Information Technology programme's newsletter.

As we stand at the forefront of a rapidly evolving digital era, our department remains committed to nurturing innovation, research, and academic excellence.

Our faculty, staff, and students continue to strive towards building a vibrant learning environment that blends strong technical foundations with creativity and problem-solving skills. Through academic initiatives, industry collaborations, and co-curricular activities, we aim to equip our students with the knowledge and confidence to face global challenges.

I take this opportunity to appreciate the dedication of our faculty, the enthusiasm of our students, and the support of our alumni in shaping the department's growth. This newsletter reflects our collective achievements and ongoing journey towards excellence.

I hope this edition inspires our readers and provides valuable insights into the dynamic world of Information Technology at LBS Engineering College, Poojapura.

VISION

To be a centre of academic excellence empowering women in technical domain

MISSION

Imparting values based technical education for transforming young women to professionals excelling globally in academics,research & development and industry meeting societal challenges .

Satellite IoT – Connecting the Unconnected

Satellite IoT emerged as a key IT trend in late 2024, combining Internet of Things with satellite communications to deliver global connectivity. It enables devices to stay online even in remote areas, unlocking innovations in smart farming, disaster response, environmental monitoring, and logistics. With its worldwide coverage and reliability, Satellite IoT is shaping the future of connected systems.

Bridging Generations: Students Teach Tech

NSS conducted a Digital Literacy Program aimed at empowering senior citizens. This initiative was designed to help older people confidently use smartphones and embrace technology, fostering a more connected and digitally skilled Kerala.

IT Students Get Git-Savvy!

Session conducted by Uttara Praveen and Meenakshi A M of S7 IT

LBS hosted an interactive hands-on workshop on Git & GitHub, conducted by Uttara Praveen and Meenakshi A M of S7 IT. The session aimed to equip students with practical skills in version control, collaboration, and efficient code management, empowering them to confidently use Git and GitHub for their projects and teamwork.

Smart Waste, Smarter LBS Minds

A student team has initiated a project aimed at developing an AI-powered, IoT-enabled smart waste management system to detect and report improper waste disposal in real time. The system is designed to assist municipalities in tracking waste-related violations, generating timely alerts, and streamlining collection processes through a smart dashboard integrated with citizen and enforcement apps. Notably, Manupriya from S3 IT was also an active member of the project team, highlighting the collaborative spirit across departments in driving forward impactful and technology-driven solutions.

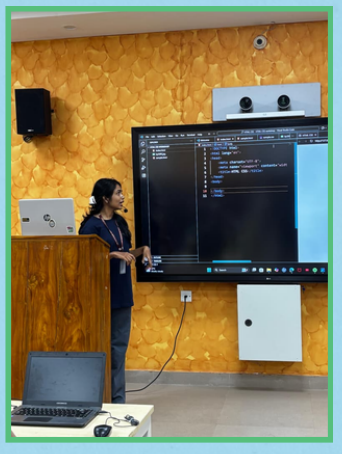

Arundhathy puts LBS on Global Podium

Arundhathy R Nair of S3 IT won Asian Championship gold medal for Chess Boxing which was held in Kolkata on 26-28th July 2024.

ACADEMIC ENGAGEMENTS

From Tags to Style: GDG LBSITW Hosts HTML/CSS Workshop

The Google Developers Group (GDG) LBSITW hosted a hands-on HTML & CSS Basics workshop, led by speaker Aavani U B. The on-campus organizer ensured an interactive session where participants learned essential web-building skills — from structuring pages with HTML to styling them with CSS. Attendees practiced live coding exercises, gained practical tips for building responsive layouts, and left with the confidence to start their own web projects.

Act for Earth: Climate Awareness Session by Manupriya

A Climate Action Awareness Web Contribution session was conducted by Manupriya, focusing on educating students about environmental responsibility and the importance of collective action. The session highlighted practical ways to contribute online and offline, inspiring participants to take meaningful steps toward a sustainable future.

RageBots Leads Flagship Robotics Workshop at LBS

The Robotics Club at LBSITW hosted its flagship two-day workshop featuring Ant Bot and 3D Printing, conducted by RageBots. Students gained hands-on experience in building and programming Ant Bots, as well as designing and printing 3D models, fostering innovation, technical skills, and teamwork. The workshop provided an immersive platform for students to explore the latest advancements in robotics and additive manufacturing.

From LBSIT to Industry: Anjali Menon on Intellectual Property Rights

Anjali Menon, Co-Founder of IPRGENIE LLP and an IT alumnus of LBSIT, conducted an engaging alumni talk session on the Basics of Intellectual Property Rights (IPR). The session provided students with valuable insights into the importance of protecting innovations, understanding patents, copyrights, and trademarks, and applying IPR knowledge in real-world scenarios.

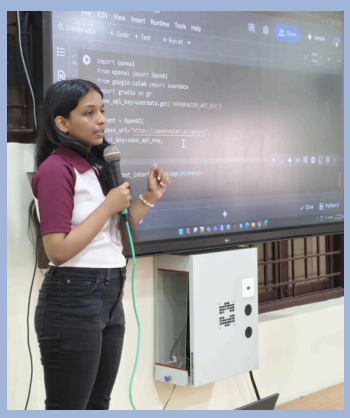

Her experience and practical tips inspired students to think innovatively and responsibly about intellectual property.

Future Leaders in Action: IT Students Excel at Mock Parliament

The students of LBS Institute Of Technology for Women showcased their leadership, debating, and parliamentary skills at the Mock Parliament held at Niyamasabha. Demonstrating excellent knowledge of legislative procedures, effective communication, and teamwork, the students impressed the judges and participants alike, highlighting the department's commitment to nurturing well-rounded and confident future leaders.

Hands-On Chatbot Workshop Inspires Students at Trinity College

Manupriya conducted an insightful chatbot building session at Trinity College, providing students with practical knowledge of AI-driven chatbot development. The session focused on building conversational agents, integrating AI tools, and hands-on practice, helping participants gain real-world experience in chatbot technology.

ACHIEVEMENTS

Connecting Alumni: LITAA Goes Live

ATHIRA P S of the 2021–2025 batch has successfully launched the official LBSIT Alumni Website – LITAA. The platform aims to connect past and present students, foster networking, and keep alumni updated with college events and achievements. Check it out here: https://alumnilbsitw.in

Innovative Minds: S8IT Receives CERD Grant

The S8 IT team, consisting of Athira P S, Parvathy Jayakumar, Praveena S under the mentorship of Dr Dileep V K, has successfully secured CERD funding for their innovative project. This achievement reflects the team's creativity, hard work, and the department's commitment to fostering research and development among students.

Prof Seena Thomas from the UG IT programme of our college has successfully secured CERD funding for a student team from the Computer Science and Engineering Department. This achievement highlights the spirit of mentorship and academic support

Speed and Determination: Rithika Secures 200m Silver

Rithika V H showcased her athletic prowess by winning the Silver Medal in the 200m race. Her speed, determination, and consistent training led to this remarkable achievement, making her a proud representative of the college in athletics.

S5 IT Soars High with 100% Pass Result

The S5 IT has achieved a remarkable milestone by securing a 100% pass percentage in the recent examinations. This outstanding accomplishment is a true reflection of the dedication, perseverance, and commitment of the students, guided and supported by the faculty members who consistently strive for academic excellence.

Such an achievement not only highlights the hard work and discipline of the batch but also showcases the strong academic culture and mentoring within the department. This perfect pass rate stands as a proud moment for the entire institution, inspiring juniors to aim higher and reinforcing the reputation of the IT Department as a hub of excellence and consistent performance.

Celebrating Dedication: Coordinator Award for Thasneem N Shaik

Thasneem N Shaik has been awarded the Coordinator Award for outstanding contributions to Project Aksharam. This recognition highlights her dedication, leadership and commitment to driving impactful initiatives through the project.
